

Recycling

1. (B) Many of these nations' recycling ended up being sent overseas, typically to China.
2. (F) But, in general, it sounded like a decent concept, and it was better and less expensive than dumping it as trash in a landfill.
3. (G) However, single-stream recycling made it considerably more difficult for recycling businesses to sift and clean the various materials.
4. (H) This made it more difficult and costly for Chinese recycling enterprises to earn a profit.
5. (A) China's new legislation prohibits the transport of soiled recyclables.
6. (E) These countries rapidly grew overburdened and imposed their own recycling restrictions.
7. (D) Companies and governments in Western nations are currently grappling with recycling issues.
