Good work!

TELL ME ABOUT YOURSELF

Great the audience before introducing yourself.

Hello everyone!

Capitalise proper nouns such a school's name.

Public School

My name is Albert Song and I presently attend the Opportunity Class at Summer Hill ~~public~~

school. I have an abundance of hobbies such as public speaking, English, and writing, although, I'm not perfect. I am not very good at spelling. I am going to tell you about myself. I reiterate I am not very good at spelling, but I always thought that that doesn't mean that you can't try, so, I tried out the spelling bee. I continuously reviewed the words tested and memorised them, then, when the competition arrived, I plastered a confident smile on my face, and walked on stage, just to be met by a scintillating light. ~~It~~ soon faded and the pronouncer asked me to recite the words. repeated them with perfect clarity. I achieved second place. As I stated above, I love to write. I entered the young writer's competition last year, hosted by treefall writing, and was awarded the first place certificate. Furthermore, I have never got a grade lower than an A in English and was rewarded with the most English-fluent boy in the grade award. ~~despite~~ this, I also have fallacies.

Despite. Capitalise this.

~~Before~~ ~~before~~ I attended ~~scholarly~~, I got Bs to Ds in ~~maths~~. ~~now~~ that I started ~~scholarly~~, my grades have rocketed to an A+. I am now struggling in the music area and no matter how much I try, I just can't get that A. I am now trying very hard in the music area. I still struggle in some areas and am still terrible at music, but slowly yet surely, I'm improving. ~~but~~ over the years, I've learned that I can't be perfect and I will always have some flaws, yet it doesn't mean you can't try to mend them. I am now aiming to get into the North Sydney Boys selective school and if I try hard enough, I know I can get in.

TELL ME WHY YOU ARE A GOOD FIT FOR YOUR DREAM SCHOOL

My dream school would be North Sydney Boys. I feel more reassured when near other boys in the same grade as me. Its motto is "Vincit Qui Se Vincit" which means one conquers, who conquers oneself in ~~Latin~~ ^{English} and I can easily overcome my weaknesses and failings. North Sydney boys have obtained high performances in academics and in the rankings, they are always in the top five. ~~It~~ supports miscellaneous sports activities which I wish to attend because I am currently struggling in those areas. ~~It~~ also encourages other activities such as coding, which is what I am aiming at because I want to be a software developer when I grow up. I was aided by my father, who now, is also a software developer. North Sydney Boys also believes that it is important to stand up for what you think is right, which I think I should improve on because I usually just

flow with the rules. It also has exceptional libraries with over 5000 books which would be useful if I have nothing to do at recess or lunch. Continuously, it has a strong debating team which I am wishing to join because I think that debating is a very important part of your school and your lifetime altogether. This is why I feel like North Sydney Boys is the perfect school for me.

Note:

For part 1, its good that you were able to extensively introduce yourself. However, there are areas that needs polishing. For starters, don't quickly introduce yourself, greet the audience first. Set the atmosphere in a relax manner first. Moreover, I have noticed that there are a lot of words that were having capitalisation errors. You must remember that proper nouns refer to a specific person, place, or thing and are always capitalised. Common nouns refer to a general concept or thing and are only capitalised at the beginning of a sentence. So, when you write your school's name, write it like this: Summer Hill Public School.

For part 2, good work on introducing your qualities. The school would always want to hear or read about their prospective students' traits and qualities before admitting them. Also, good work on detailing how this school could help you achieve your career. Kudos on letting them read about your careers prospective here. However, I noticed that were sentences with incorrect formatting. You need to remember that a sentence always starts with a capital letter. Please heed to these suggestions in order for you to improve, okay?
