

Hi, I'm Daniel Kim

I'm currently attending NorthCross Christian School in Ryde, Sydney. Ten years of living, I learnt many things*, like never interrupting a grumpy teacher when they are on break or simply not eating too much food before a sports carnival. I have participated in every enrichment, (harder class) and nearly every sports carnival. My favourite sport is Soccer Baseball, and Swimming and have won many cross countries well as carnivals. My nickname is Danish and my favourite subject at school is English and Maths. My hobbies are biking, reading and playing soccer with my family. I have a mum and dad, and an* a agitating little sister, but sometimes, its good to have company 😊 OOPS! Lets don't forget dogs!!

I have an* a adorable Cavoodle and she is the best. She is 1 and a half years old. She can understand our language and has sympathy for others...

My favourite book/series is the Throne of glass series by Sarah Maaj. This series has a lot of mystery and is about fighting for freedom.

I love playing with my friends just messing around. I am super friendly and I always help my friends out. I'm in grade 6 for piano, grade 5 in clarinet and grade 7 for drums. I am in the school band in my school. As I move onto year 5, I hope I can learn more important thriving tips to improve. When I grow up I want to be a dentist. I saw some documentaries and saw many people who don't have access to dental clinics often get periodontal disease.

I want to help those in need and I also want to help my sister who eat a ton of lollies. =)

The school I really want to go to Sydney Grammar or Kings.

These schools have great sports and academic. I love swimming and I want to meet more friends in different schools and to have a chance to enlarge my bond. These schools have good swimming teams and have high music bands. Private schools tend to have better curriculum.

So I think, I will fit will for these schools.

This is too short, please do expand this next time

Thanks for submitting your writing piece! You managed to explained elaborately on the first part of the text that talks about you. However it would have also been better if you added your qualities and traits. Besides that, I want you to add more ideas and expand your last paragraph that talks about your school of choosing. You can add something that could convince them that you are exemplar and excellent enough to be in their school. Lastly, keep an eye out on your capitalisation.

Mark (43/50)
