

Introduction to Me!

My name is Jaslyn and I'm a student at Holy Family Catholic School Lindfield in Sydney. I'm 10 and I'm going to be in Year 5 next year. **Being born in Hong Kong, I come from a Chinese family!**

You can try to rephrase this in a way that does not sound too weird like 'I come from a Chinese family, considering the fact that I was born in Hong Kong.'

One of my hobbies is reading and I adore reading fiction. **My favourite genres are fantasy and adventure!** I love doing art projects and household crafts, because they're fun and calming, and I'm a diligent student that learns fairly quickly. I enjoy sports like track and playing the piano and violin. Currently I'm interested in Greek Mythology and Percy Jackson.

I'm 54% introverted but also 46% extroverted because I can be social and fun but also I tend to work better alone. I love animals, and especially harbour a fondness for cats! As a 4-year competitor of the Speech Festival and a third and second place winner, public speaking is one of my strengths. However, I'm claustrophobic, which is my fear and weakness, although I make it up with enthusiasm in learning any subject I'm interested in. Finally, to keep me occupied I do random new projects like crocheting, designing posters for animal shelters and learning Spanish! Learning different languages and cultures is something I'm passionate about, and it would be brilliant to learn more languages (as I'm trilingual – I'm fluent in English, Chinese and Cantonese) And that sums up me; Jaslyn Lo!

I had fun reading your piece and you do have quite a lot of brilliant hobbies and extracurriculars! I am impressed! However, your piece did not reach the required word count so it is best to have this a bit longer. Moreover, do not just merely mention a few of your facts, why not explain about it more to make it more interesting. Please take note on the corrections stipulated above to further improve your work. You're doing a great job!
