

My name is Zack and I am currently in year 5. I am a dedicated student who takes on loads of challenges and problems that requires plenty of thinking. I am also a kind and respectful student who always strives for excellence in learning. Being social is always an essential aspect of life. I am pretty social everyday and I like spending time with friends and family. To add to that, I am a very respectful and caring person who always follow school rules. I always go beyond expectations of teachers and am really proud of my works (writing, english, mathematics, drama, music and more).

One of my favorite sports is basketball. In this game, you have to cooperate with your team members to be able to win the game. It teaches me how to get along and cooperate effectively with other people. This sport also keeps me healthy everyday and it will decrease the chance of getting diseases. Another one of my favorite sports is tennis. In tennis, you have to hit a ball with loads of balance. It also requires moving quickly and swiftly throughout the court. This sport also involves hand-eye coordination skills. This is one of the most vital things since you need to be able to control where to hit the ball to (often, you want to make your opponent run a lot).

I also love music as it is very relaxing and soothing. Playing an instrument releases emotions of angeriness, madness and sadness.

One time, I was really angry about something and when I played the piano for 15 minutes, I immediately forgotten what had happened. Another one of my hobbies is reading. Reading allows people to take their mind of things and engulf themselves in a fictional realm. Basically, books as an easy way to be able to gain more knowledge.

Your writing piece is well written! You managed to expound each idea you were trying to point out and you even mentioned a few scenarios. There were only little lapses in your work. You just need to work on how to make your sentences less fragmented by simply simplifying them into one sentence. Don't overthink too much.

Mark (50/50)
