

Part 2B

I want to go to Sydney Grammar school as it is one of the best private schools and it is still in Sydney. It is a school for boys (I am a boy) and was founded in 1830 by Sir Francis Forbes. It also accepts all boys, which is encouraging and welcoming to many students. There are many fun activities to do. Things that the boys do at this school are Music, Sport, Drama, Cadets, art, chess tours, camps, debating and much more. The school was ranked 6th in the HSC exam, according to the Sydney Morning Herald league table. There is also a band where you can play a wide variety of instruments such as the flute, clarinet and trumpet. The address is College Street, Darlinghurst, NSW 2010 Australia. I will enjoy going to this school because I can make new friends, meet new teachers and enjoy the vast playground that has been displayed in the school. I will also get a chance in the Maths Olympiad, something I have been not allowed to do yet. I can also experience going to a good private school and meet new friends who have the same level of understanding as me. I will also wear a new school uniform and take a university test when I graduate. The experience will be enjoyable for me, as they try to help as many boys as they can to become good students and get jobs that will help the community. The school's old boys are called "Old Sydneians" and have helped the country lots financially and academically. The school is very large and that's why Sydney Grammar School is my dream private school. I hope I can go there so I can have a good education and have lots of fun being there with my friends.

you already mentioned a similar thought in the previous sentence

capitalisation of nouns is inconsistent

Good job in making a concise and straight to the point writing piece! Although you have provided ample information about the whole work, you need to cut back on mentioning too much about the school per se. Do not dive in to the details and project your focus MORE on how you can bring good contribution to the school you are planning to attend. You must also be consistent on how you capitalise nouns and learn the difference between a proper and common noun. Please do take note on the suggestions to further improve your piece.
