

## Part 2

### Violin

I love playing the violin. When I was young, my Mum used to take me to many musicals. I was fascinated by the glorious and inviting sound the violin made! My role model for this wonderful instrument is my violin teacher. She helps me play and encourages me to do better in difficult situations. I have received many cheers and compliments for **my** violin, but that's not enough. That's why I have gotten a High Distinction award for my Grade 3 violin! It was a delight, and I was very happy to receive it. I would like to thank my teacher and family, without them I would not be here, as I would have stopped a long time ago if they were not encouraging me to reach new heights.

Academic Award at the End of the year (Only given to 1 person per grade)

I have received the Academic Award at OLOR Kellyville last year. This is because I have shown a love for and **a** high understanding of different school subjects. Ever since I was born, my mum did sudoku, to help me understand numbers better. In class, I contributed **lots lot** to discussions and I loved maths. My role model is Thomas Alva Edison, who said that "Genius is 1% knowledge, and 99% persistence. This quote represents me, and I try to show this quote in my daily life. It means, if you work hard, even if you are smart or not, you will succeed. If you are smart, but don't work hard, you will not succeed and you will fail. I will thank my parents for supporting me through the school year and paying for my school fees (I know they cost a lot) and hope to have more success in the future.

### Swimming

I love swimming and doing things that are related to water. Ever since I was young, I loved playing in the water. I would play in there for hours. I also went to swimming lessons when I was young. The water felt very inviting to me all the time. I am also very proud of how much I have achieved since my swimming

journey started. So, you can tell that I was really happy and surprised when I a swimming carnival ribbon, and I came 2nd place in the swimming carnival that took place at my school.

This piece is amazing and you were able to follow the format. Well done on your achievements and keep up the great work!

Pay attention to the grammar and placement of punctuation marks i.e. commas.
