

## 1. TELL ME ABOUT YOURSELF:

My name is Zahra Badri, and I am almost ten years old. I currently go to North Shore Coaching College. I have two younger siblings, one brother, one sister. I am a quick learner and I have a lot of discipline. I am kind, caring and I make friends with a blink of an eye! I have no problem in teaching anyone who doesn't understand a specific thing (but only people the same age as me or younger than me). For example, if my sister doesn't understand the meaning of a word, I am happy to help. I am always the shortest in my class but I am the one of the smartest. I love to do homework and I can prove it because I started doing homework when I was around four years of age. My biggest dream is to become a teacher. I either play by myself or with my sister and don't think I be silly with the "student" because I am a very serious teacher (don't worry, I'm a bit funny). I love teaching and seeing how my sister reacts when I teach her. We make up things like behaviour charts, raffle tickets, if you behave properly, you get longer breaks, etc. I have a lot of fun spending time with her. My favourite subject is maths because when my teacher is teaching maths, I really hit the books and that's how I get straight A's in maths. Therefore, I want to become a maths teacher.

I am affectionate about reading, but sometimes I don't have time for it. My favourite author was Dav Pilkey, but his books are not my level any more, so I am getting more interested in the Harry Potter series by J.K. Rowling. One of my favourite hobbies are to solve word searches. I really love the hardest word searches and to solve them, especially with my parents!

## 2. TELL ME WHY YOU ARE A GOOD FIT FOR YOUR DREAM SCHOOL:

My dream school is Perth Modern (this is a school in Perth). I feel that I am a good fit for this school because it values respecting yourself, respecting others and respecting your space, which I always attempt to work on. I am so eager to go to this high school that I was absent at my current school during term 3 just to have the tour of Perth Modern School! On the tour, I saw the Achievement Board and the people who got scholarships into the school. I also saw my mum's friend's daughter who is currently in Year 12 on the board. (This school only takes people with scholarships and there are only a certain amount of spots. So, you can't enrol unless and until you are selected in the scholarship test!) Students even achieved maths scholarships, and as you know maths is my favourite subject. So, I was really confident.

Next up, the auditorium. It was the biggest auditorium you would have ever seen in your life! It was outstandingly awe-inspiring!! It had seven-hundred seats!!! These are only some of the reasons why I want to go to Perth Modern! But I cannot attend Perth Modern School in a split-second. I have to work hard, reach each stepping stone, and then I will reach my main goal.

Nice writing piece! Your flow of ideas and thoughts are exemplary and you meet the required word count good job! You also managed to elaborate most of your thoughts which is a good thing. The only thing that could have been the cherry on top would be how you convince the school that you are a student fit for their institution. Try enumerating your good traits and qualities that could bring benefit to the school and how you can contribute to the school.
