Scholarship Interview Writing 23/1/23

It would be an absolute honour to be apart of this community at Knox Grammar. I would love to contribut to this wonderful school with my kind and compassionat heart. In addition, I'm a observant student who loves to help other people. I also have an amiable personality with quite a few friends.

Another reason why I would love to be in the community of this school is because of its wonderful Christian morals and values. Those morals and values with my competetive nature will hopefully make my time there even better. Since this school is one that focuses on leadership, I believe my current role as Prefect for my SRC (Student's Representative Council) will be perfect for some starting experience. I take pride in my other leadership roles in Basketball and School house team.

Talking about sports, I know that Knox Grammer is big on sports like Basketball. I'll hopefully make a contribution by inspiring other students to take part in an active lifestyle. Additionally, I have won many awards for my acheivements in Basketball. One of them being an award for Rookie of the Year. I will work hard to try and embrace the schools sporting spirit.

Creativity and the ability to think outside the box is another contribution I will present to the school. I have been lucky enough to have been chosen for the debating team for my schod. Even as the only Yr 5 out of year 6's we still done well and

came 3rd in our local competition. Another competit
Ive been part of is the Tournament of Minds(ToM).
My team beat the regional and NSW branch
competors and even competed in Canberra. However
we would never have made it that far without
dedication and hard work

All in all, Im an compassionate student who isn't
afraid to step out of my comfort zone. I Hope
my past experience and contributions will find their
place in Knox Grammar someday.
