

#1: "As Williams pure white quill, dipped in jet black ink, clattered onto the royal carpet, somehow removed from its place on the yellowed scroll, weighed down by rocks, as if he had flooded the carpet with ink. While William was fretting over the stain, he was distracted by the sound of a dropping tome."

a. Strengths:

- Vivid imagery of the quill and ink
- Effective use of sensory details

b. Weaknesses: Run-on Sentence: The first sentence is overly long and complex. It combines multiple ideas without clear connections, making it difficult to follow. For example, "somehow removed from its place on the yellowed scroll, weighed down by rocks" feels disconnected from the main action.

c. Exemplar: "William's pure white quill, dipped in jet black ink, clattered onto the royal carpet. The ink spilt, flooding the carpet with darkness. As he fretted over the stain, the sound of a falling tome distracted him."

#2: "William whispered the words from the book, as if he was brain-washed by it. "Every stock has a rise and a crash. Every dive has a splash and every risk you take will leave you wealthy or will make you suffer its cruelty." As the very last word came out of Williams mouth, there was a crash outside. One farmers horse drawn cart was overflowing with riches, while some others ceased to exist."

a. Strengths:

- Intriguing magical concept
- Immediate consequences of the spell

b. Weaknesses: Logical Flow: The connection between the spell and its effects is unclear. The sudden appearance of riches and disappearance of others lacks context and explanation. For instance, "One farmers horse drawn cart was overflowing with riches" doesn't clearly link to the spell's words.

c. Exemplar: "William whispered the words from the book, entranced. 'Every risk brings wealth or ruin,' he intoned. As the last word left his lips, a crash echoed outside. He saw one farmer's cart suddenly overflowing with gold, while another farmer vanished entirely, illustrating the spell's cruel duality."

#3: "As he told the truth to Morganne, She started to crumble to dust as William mumbled the truth.
