

#1 (Day 1 entry): a. Strengths:

- Vivid description of the Disco Nebula E - 239T
- Effective use of colour imagery

b. Weaknesses: Main issue: Lack of sensory details Your writing could benefit from incorporating more sensory details to fully immerse the reader in the experience. While you've focused on visual aspects, including other senses would create a more engaging narrative. For instance, in the line "Our spaceship chugged on", you could expand on the sounds or vibrations felt within the ship.

c. Exemplar: "Our spaceship chugged on, the low hum of the engines resonating through the hull as we glided past the mesmerising display of colours."

#2 (Day 2 entry): a. Strengths:

- Creates tension and mystery
- Effectively conveys the crew's panic

b. Weaknesses: Main issue: Unclear sequence of events Your writing jumps from one event to another without clear transitions, making it difficult for the reader to follow the sequence of events. For example, you mention "all the passengers fell asleep" and then suddenly "all seemed lost when the room number 62RW fell asleep!" without explaining the time gap or progression.

c. Exemplar: "Hours after discovering the sleeping passengers in room 61EB, we were horrified to find that room 62RW had succumbed to the same mysterious slumber."

#3 (Day 5 entry): a. Strengths:

- Shows character development and relationship growth
- Includes humorous elements

b. Weaknesses: Main issue: Inconsistent pacing Your writing rushes through several events without giving each the attention it deserves. For instance, you quickly move from playing tricks to reviving the engine to mistaking controls, which can be disorienting for the reader. The line "From my memory, I thought that the handle on the right side of the Panel was the forward and back machine, but had mistakenly taken it as the toilet flusher" could be expanded to create a more engaging anecdote.

c. Exemplar: "As I confidently reached for what I believed to be the forward thrust control, I was met with the unmistakable sound of the toilet flushing. My crewmates' laughter echoed through the ship, a moment of levity in our dire situation."

Actionable task: Rewrite the Day 2 entry, focusing on creating a clear timeline of events. Ensure you provide smooth transitions between each incident and explain how much time has passed between the discovery of each sleeping room.

Overall score: 41/50
