

## Section 1:

#1: "Pirates roaming around in the park looking for an adventure. Pirates like to play horns-woggles tricks to play on people."

### Strengths:

- Creative incorporation of pirate-themed elements
- Establishes an adventurous tone

Weaknesses: Sentence Structure Inconsistency → Your sentences lack proper structure and contain redundant phrases like "tricks to play." You've written "Pirates roaming" without a main verb, making it a fragment.

Exemplar: "The pirates roamed around the park seeking adventure, playing their mischievous horns-woggle tricks on unsuspecting visitors."

#2: "They saw pieces of eight on the floor but he was too old to pick it up. There was a fast runner that was running like a leopard."

### Strengths:

- Good use of simile comparing runner to leopard
- Introduces interesting plot elements with the pieces of eight

Weaknesses: Pronoun Confusion → Your pronouns shift unexpectedly from "they" to "he" without clear antecedent. The connection between the pieces of eight and being "too old" lacks logical flow.

Exemplar: "The elderly pirate spotted pieces of eight on the ground, but his aged bones prevented him from retrieving them. Suddenly, a runner swift as a leopard appeared."

#3: "The pirate ran as slow as a turtle so he thought that he would call his crew and get that fast runner"

### Strengths:

- Effective use of simile comparing speed to turtle
- Shows problem-solving through teamwork

Weaknesses: Plot Development → Your resolution feels rushed with unclear motivation for the crew's actions and the runner's fate. The ending lacks specific details about what "got it" refers to.

Exemplar: "Moving as slowly as a turtle, the pirate realised he needed help. He summoned his crew to surround the swift runner and retrieve their stolen treasure."

Actionable Task: Rewrite the final paragraph focusing on providing clear details about what the pirates recovered from the runner and why they never returned to the park.

Overall Score: 40/50
