

Section 1:

#1 "Dear Wildlife Protection Council We should all start helping the wildlife, so let's start helping the wildlife." Strengths:

- Clear addressee showing appropriate letter format
- Shows passion for the cause

Weaknesses: Repetition → You've used "helping the wildlife" twice in the same sentence, making it redundant

Exemplar: "Dear Wildlife Protection Council, We must take immediate action to protect our wildlife."

#2 "I have seen on television many animals becoming extinct every day, and poachers are hunting for tiger skin, leopards, panthers, and so many more animals." Strengths:

- Personal connection through first-hand observation
- Specific examples of affected animals

Weaknesses: Sentence Structure → Your sentence combines too many ideas without proper organisation, diluting its impact

Exemplar: "Through television reports, I've witnessed the devastating rate of animal extinction. Poachers continue to hunt tigers, leopards, and panthers for their pelts."

#3 "we must help the wildlife at all costs and STOP DESTROYING EVERY SINGLE HABITAT in the world" Strengths:

- Conveys urgency through capitalisation
- Shows strong conviction

Weaknesses: Tone Control → Your use of capitals and absolute statements reduces professional impact

Exemplar: "We must prioritise wildlife protection and prevent further habitat destruction worldwide."

Actionable Task: Rewrite your letter focusing on specific actions that can be taken to protect wildlife, rather than repeating general calls for help.

Score: 37/50
