

Section 1:

#1: First paragraph Strengths:

- Effective establishment of the hotel's historical significance with the late 1800s reference
- Strong sensory details in describing the hotel amenities

Weaknesses: Inconsistent Tense Usage → Your writing shifts between present and future tense within sentences. For instance, "is sure to keep up even to your highest expectation" followed by "is sure for you to have fascinating."

Exemplar: "The Raffles Hotel, dating back to the late 1800s, offers modern furnished interiors alongside its rich historical legacy that enriches your mind."

#2: Second paragraph Strengths:

- Vivid description of the Writers Bar atmosphere
- Creative use of imagery in describing the culinary experience

Weaknesses: Run-on Sentences → Your sentences contain multiple ideas without proper punctuation or conjunctions. For instance, "Down in the luxury lobby, live harp playing is accompanied by the writers bar." needs stronger connection between ideas.

Exemplar: "In the luxurious lobby, live harp music flows through the Writers Bar, where the world's best authors and literary giants gather to spark their creative ideas."

#3: Third paragraph Strengths:

- Detailed architectural descriptions
- Effective use of colour and material descriptions

Weaknesses: Sentence Structure Repetition → Your writing begins multiple sentences with "The," creating a monotonous rhythm. For example, "The room with," "The big bathroom," "The scattered, potted."

Exemplar: "Within your private sanctuary, dark oak brown floors complement the inviting bed, while high ivory white marble walls stretch skyward in the spacious bathroom."

Actionable Step: Rewrite the first paragraph focusing on maintaining consistent present tense throughout, and ensure each amenity description connects logically to the next using appropriate transitions.

Score: 38/50
