#1: "Starting from a beach house, Raffles Hotel has become a famous landmark in Singapore. Designed from pure genius architecture, Singapore Raffles Hotel was founded by Sir Stanford Raffles. Inside time seems to flow differently as the light seeps through the windows, casting shadows from the intricately carved marble statues."

Strengths:

- Your vivid imagery effectively captures the hotel's grandeur
- Your use of metaphorical language creates an engaging atmosphere

Weakness: Chronological Inconsistency → Your opening presents conflicting information about the hotel's origins. The phrase "Starting from a beach house" lacks connection to "founded by Sir Stanford Raffles." Consider incorporating these elements more cohesively.

Exemplar: "From its humble beginnings as a beach house in 1887, Raffles Hotel has evolved into one of Singapore's most iconic landmarks, embodying the architectural vision that would later define its grandeur."

#2: "Chandeliers hang from the ceiling, letting the wood reflect the light, letting the perfect amount of light escape from its prison of glass. Luxury beds sit waiting for someone to sink into their sheets. Windows painted with gold paint majestically generate light which blends in well with the mirror."

Strengths:

- Your descriptive details create a luxurious ambiance
- Your sensory language effectively immerses readers in the setting

Weakness: Repetitive Structure → Your sentences follow similar patterns with repeated use of "letting" and multiple references to light. The description becomes monotonous with "light escape," "generate light," and "blends in."

Exemplar: "Crystal chandeliers cast an ethereal glow across polished wooden surfaces, whilst gilded windows create a harmonious interplay of light and reflection throughout the space."

#3: "The Singapore Raffles Hotel staff who work for hard hours get paid fairly well, ranging from \$22.36 to \$40.05 per hour. They have to do things like cleaning tables or chop meat and more. Singapore Raffles Hotel is a great place to stay in."

Strengths:

- Your attempt to provide comprehensive coverage of the hotel
- Your inclusion of specific details about staff conditions

Weakness: Abrupt Conclusion → Your ending lacks the sophistication present in earlier descriptions and feels disconnected. The phrase "things like cleaning tables" diminishes the professional nature of the staff's work.

Exemplar: "The dedicated staff, whose responsibilities range from maintaining the hotel's impeccable standards to ensuring guest comfort, contribute significantly to Raffles Hotel's reputation as Singapore's premier luxury accommodation."

Actionable Task: Rewrite your conclusion paragraph focusing on creating a stronger connection between the staff's contribution and the hotel's prestigious status, ensuring to maintain the sophisticated tone established in your descriptive passages.

Score: 40/50
