

Creek! I opened the old dusty crate my Grandfather had given me <sup>or map</sup> for my 10<sup>th</sup> Birthday.

Inside was a glimmering rainbow key with a hart shaped lock ~~and~~ at the end and a mettil flower and petals. Seeing how precious precious it is I ran inside and found a velvet case to put it in.

I ran back outside and placed the special key in the case and placed it in my bag as it was no bigger than a square banana. I then noticed a carved door in the backyard on the old shaggy oak tree that had a damp smell of nature. I pushed open the door and stepped inside there was a lift with a print of the rainbow.

Key I found I used it to unlock the lift than hopped inside than I went down when the lift door opened I saw

Rabbits in cages and so many other animals that were kept in cages, I started wandering who these animals belonged to then a piece of paper flew out of nowhere and landed on the ground that read, The Owner of these animals is you for you have found the

key and the secret door so may have these quite animals. I <sup>then</sup> found

a Binormous <sup>Ginormous</sup> bag of food for the animals each I got back in the
