

Section 1:

#1: "The bright fiery crimson carpet lay in the middle of the living room, dragons of gold dancing and prancing around the bright navy blue center housing a flower of silver."

Strengths:

- Vivid colour descriptions create a strong visual image
- Creative use of movement words ("dancing and prancing") brings the design to life

Weakness: Run-on sentence structure → Your sentence combines multiple descriptions without proper punctuation or connecting words. This makes it difficult to follow the carpet's features clearly.

Exemplar: *The bright fiery crimson carpet lay in the middle of the living room. Along its edges, golden dragons danced and pranced around a navy blue centre, which housed a delicate silver flower.*

#2: "The fabric was as soft as cotton candy and one step would transport someone into the Jiangxi cotton fields overlooking the magnificent ChangJiang river."

Strengths:

- Clever use of sensory detail with the cotton candy comparison
- Creative incorporation of specific geographical locations

Weakness: Disconnected imagery → Your comparison jumps from cotton candy to cotton fields without a smooth transition. The ideas feel forced together rather than flowing naturally.

Exemplar: *The fabric felt as soft as cotton candy beneath my feet, reminiscent of the gentle cotton tufts swaying in the Jiangxi fields along the magnificent ChangJiang river.*

#3: "Tens of thousands of litres of tea. Two bulls worth of blood. Four barrels of sweat and tears, all in the making of this carpet."

Strengths:

- Powerful use of specific quantities
- Effective building of dramatic tension

Weakness: Fragmented structure → Your sentences are incomplete and lack proper punctuation. The listing style needs more development to create impact.

Exemplar: *Into this carpet went tens of thousands of litres of tea, the blood of two bulls, and four barrels of sweat and tears—all testament to its sacred creation.*

■ Your piece shows great potential in describing the carpet's physical features. However, you may try adding more elements that link to the mysterious atmosphere of the underground setting. You can expand your writing by including details about how the carpet relates to Aiden's discovery and what role it might play in the larger story. Add more depth by describing how the carpet's presence affects the atmosphere of the hidden room.

**Actionable task:** Rewrite your piece focusing on connecting the carpet's magical properties to Aiden's underground discovery, ensuring each paragraph flows smoothly into the next.
