

The Mystical Adventure

Dear Diary,

I have encountered this imaginative forest in the old path to my school, here is the story I have got to tell you. It was morning when I was on the way to school, suddenly I felt a tap on my back. When I turned around I saw 3 of my daring friends behind me. Then, I knew what was going to happen... they were going to give a dare. I tried to escape their most catastrophic dares. Once one of our friends had gotten a dare from them to prank the principal. If she didn't do it, they would tell everyone her deepest secrets on an instagram chat to everyone on earth. She did it and got into big trouble. I attempted to abscond their dare, but before I could run to school they all surrounded me so I couldn't escape. Then finally I realised I can't skedaddle there dare anymore and asked what the dare was. They told me to go inside the old school path and come back in time before school starts, or they would tell the Principal how I cheated on the recent test.

Without any other option, I agreed to go to school on the old school path. As I walked to the path, I started to think how I would get out if I got stuck in that tunnel. When I got to my destination, I took a deep breath and went in. Unexpectedly, I felt something slimy on the way, like oil. Then I accidentally slipped and there I was tumbling right down a slide but when I reached the bottom I saw a bunch of green luxury. When I pinched myself and saw, it was the exact same forest. I continued to journey along the forest until I got to a pond but when I looked inside the pond to see my reflection, I saw a fish princess. She said and explained to me how this was a mystical forest with a lot of weird things. I said goodbye to her and left to adventure in this forest even more.

Next I heard the sound of a pony, but it was no regular pony... it was a unicorn! With a pointy magical wand on its head it can do anything it wants. The unicorn told me that none of them are freaked out as they always hear the sound of children above them in their school. the unicorn pointed to me the direction I should be heading for If I need to go to school. After a long jog with the direction the unicorn said, I found myself next to a T rex. It said hello and told me not to freak out because it is a kind dino. It told me to go to the wall there and I would find a hole on the wall. As the dino said, there was a hole on the wall and I was ready to say goodbye to a beautiful place. When I reached school, I could not forget this experience and it was the right time for school.
