

Bang! Yay my time ^{machine} ~~machine~~ finally works lets get in and see were it takes us Coyote! I will now be the greatest Scientist of all time if this works! Well

comon lets go in poof. We landed of some rocks. And look there are some people ^{Siberia} and this my pet coyote from the future. Hi my name is I am a Scientist I would you kindly tell me were I am?

Wolf never mind I'll use my cumpas map and locater that I ^{Brought} brougt in my ^{Comfy} iron ^{comfy} iron bag

Well Looks like were in ^{ancient} aciant china and there are some workers. Well I wonder what these qiniases are doing? Wait is that Ts'ai Lun the man that created paper? And theres some bamboo strips this

must be him, lets go see what he is doing!

I think he is mixing water to the pulp to make the paper RRRR I'm getting hungry I wonder what I can get.

Hello can I get the fried dumplings please, Okay here is your money now lets go eat by that tree over there. Clip Clap Clip clap.

Screach bang! and now I'm in prison these metal chains digging into my pail skin and heavy prizen balls stoping my legs from going anywhere. Coyote on my lap smuggled up quietly. I opened my bag and grabbed the ax and metal cutter, first I unchained myself than ^{opened} opened the door. And ran to

the Time ~~machine~~ ^{machine} with Coyote In

my hands we raced into the time
~~machine~~ ^{instantly} and I disappeared,
~~machine~~ ^{machine}

As we took our first steps out of the

time ~~machine~~ ^{machine} and into the Lab.

We skattered ~~ed~~ ^{strait} straight to the fige to get
food and report the time ~~machine~~ ^{machines}.

Before I start making thousands of
time ~~machines~~ ^{machines} to get money!
